

This is the most critical step for revenue generation. As the document advises, people love **packages** and **bundles** because they hate feeling "nickeled and dimed". I have grouped all your high-ticket services into five distinct, highly marketable packages under the **Big Fixowski** brand. For each ad, I have provided the necessary **Image Mockup** concept (using the recommended Before & After structure) and the **Ad Text** you should use.

High-Marketable Service Packages (Big Fixowski)

Package 1: The Interior Reset Bundle (Cosmetic & Creative)

This package bundles painting, drywall, creative walls, and aesthetic repairs for high visual impact and higher ticket prices.
